High Performer Identification and Maximization

Using Gatto's "17 dimensions of high performing CPA's," we identify the high performers in your firm., then develop a training and coaching program to ensure that those team members maximize their impact on the firm.

Partner/Manager 360 Assessment:

This 360 assessment tool is for reflection and positive growth. It utilizes 14 key measurements based on partner level performance within a firm, and is meant to cause analysis of behaviors and interactions in the firm to continually enhance abilities.

Custom Pre-Employment Screeners:

This tool will identify and compare the attributes of high performers in your organization. Custom screeners help you make better hiring decisions, maximize the new hire's strengths and minimize weaknesses.
